### **XS International Interview Heard Onboard Northwest and American Airlines**

**ATLANTA, GA – 1 February 2009: SkyRadio Interviews XS International CEO Todd Bone for In Flight Entertainment Programs.** Northwest Airlines' and American Airlines' passengers will have the opportunity to hear Todd Bone, CEO of XS International, interviewed for SkyRadio's Environmental Watch Program. Mr. Bone discusses the impact of eWaste on the environment and why the best use of IT assets is reuse. The piece will air on Northwest Airlines and American Airlines flights internationally throughout the month of February. In addition, the interview can be heard on [www.xsinternational.com](http://www.xsinternational.com).

"We are excited to have been offered an interview on SkyRadio's Environmental Watch program," said Todd A. Bone, CEO of XS International. "XS International has the opportunity to tell business travelers about our company and what we are doing to help the environment."

#### **About XS International, Inc.**

XS International is an information technology and services company that extends the life of IT assets to increase the return on investment. Started in 1990, XS International has been one of the pioneers in the reuse of IT assets and has been the founder of aftermarkets in UNIX servers, High Performance Clusters and Visualization systems. XS International was also the first company to be awarded a GSA Schedule for refurbished IT products and third party maintenance services. In addition to achieving the highest remarketing value from excess IT assets, XS International helps lower costs by providing third party maintenance and asset disposition (ITAD) services. XS International services over 3,300 customers in more than 30 countries and boasts a 99.98% customer satisfaction index.

Headquartered in Alpharetta, Georgia, XS International can be reached at +1.770 740.0040 or on the web at [www.xsinternational.com](http://www.xsinternational.com).
