XS International Streamlines IT Assets for Transaction Processing Industry

ATLANTA, GA – 3 February 2009: Aligning With Trans Atlantic Systems, XS International Offers its Services to the Transaction Processing Industry. In technology-centric industries, profitability and long-term success depend strongly on a company's ability to cut excess costs out of every transaction, while delivering impeccably fast and reliable service. Transaction Processing is an over \$7 Billion industry in Georgia alone. Both headquartered in metro Atlanta, XS International and Trans Atlantic Systems have forged a mutual beneficial relationship.

XS International - known for IT virtualization, refurbished equipment, and asset recovery - provides its hardware expertise to Trans Atlantic Systems' (TAS) software clients. Through this partnership, XSi is able to streamline IT for TAS clients and allow TAS' software to run more efficiently.

Trans Atlantic Systems (TAS) is a software services organization with substantial experience in development, migration / re-engineering and maintenance of large applications. TAS has especially worked extensively with Transaction processing and Communication companies. Trans Atlantic Systems builds processing applications for Payment Processors, Mortgage processors, Medical Claims processors, Prepaid card issuers, ISOs, Credit bureaus and is the only company in the country that specializes in the Transaction processing space.

"We are excited to be teaming with XS International. A substantial number of our existing client base routinely has requirements that can be met by XS International's hardware and service offerings. The XSi relationship allows us to expand the value we can offer our clients while helping us to build relationships with new prospects," said Robert Green, CEO of Trans Atlantic Systems.

"Atlanta is home to the largest concentration of transaction and information processors in the world – over 55 of them," said Todd A. Bone, CEO of XS International. "Transaction processors inherently leverage enormous IT assets which is a natural for XS International to pursue."

About XS International, Inc.

XS International is an information technology and services company that extends the life of IT assets to increase the return on investment. Started in 1990, XSi has been one of the pioneers in the reuse of IT assets and have been the founder of aftermarkets in UNIX servers, High Performance Clusters and Visualization systems. XSi was also the first company to be awarded a GSA Schedule for refurbished IT products and third party maintenance services. In addition to achieving the highest remarketing value from excess IT assets, XSi helps lower costs by providing third party maintenance and asset disposition (ITAD) services. XSi services over 3,300 customers in more than 30 countries and boasts a 99.98% customer satisfaction index.

Headquartered in Alpharetta, Georgia, XS International can be reached at +1.770 740.0040 or on the web at www.xsinternational.com.
